

AWS SAA-C03: 10-Day 900+ Mastery & 4-Pass Revision Plan

Target Goal: 900+ / 1000 on AWS Certified Solutions Architect – Associate (SAA-C03)

Total Questions to Master: 1,710 Unique Questions (936 Topic-Wise + 774 Design Master)

Target Repetitions: 4 Full Passes in 10 Days (+ 2 Days Final Preparation)

Daily Question Budget & Workload Breakdown

Pass Phase	Focus & Strategy	Days Allocated	Daily Question Target	Time per Day	Target Score
Pass 1: Core Foundation & Distractor Analysis	Deep-dive explanations; learn <i>why wrong options are wrong</i> .	Days 1 - 3	~570 Qs / day	~5.5 - 6 hrs	≥ 80%
Pass 2: Trap Elimination & Speed Building	Recognize AWS traps instantly; eliminate 2	Days 4 - 6	~570 Qs / day	~4.5 - 5 hrs	≥ 88%

Pass Phase	Focus & Strategy	Days Allocated	Daily Question Target	Time per Day	Target Score
	wrong options in <10s.				
Pass 3: High-Speed Mastery Drill	Timed practice mode; target instant pattern recognition.	Days 7 - 8	~855 Qs / day	~4.5 - 5 hrs	≥ 92%
Pass 4: Weak-Spot Lock & Flawless Execution	Rapid error-only re-tests + full timed sweeps.	Days 9 - 10	~855 Qs / day	~4.0 - 4.5 hrs	≥ 96%

Day-by-Day Master Schedule

PHASE 1: PASS 1 — DEEP DISTRACTOR DISCOVERY (DAYS 1 – 3)

Goal: Read every single question explanation, especially the "Why Other Options Are Incorrect" section.

Day 1: Topic Fundamentals & Security/Reliability Core

- **Morning (2.5 hrs):** Topic Quizzes 1 – 6 (Athena, EC2/EBS, S3, VPC Core, IAM/STS, KMS/Secrets) ~350 Qs
- **Afternoon (2.0 hrs):** [Design Security Domain](file:///d:/Interview/SAA/03_Phase3_Design_Scenario_Quizzes_Days_21_27/SAA%20Design-Security%20QUIZ%20Part%201-9.html) (150 Qs)

- **Evening (1.5 hrs):** Review flagged incorrect questions & wrong-option reasons.

Day 2: Databases, Serverless & Reliability Scenario

- **Morning (2.5 hrs):** Topic Quizzes 7 – 12 (RDS/Aurora, DynamoDB, Lambda/API Gateway, SQS/SNS, ECS/EKS, CloudFront/Route53) ~350 Qs
- **Afternoon (2.0 hrs):** [Design Reliability Domain](file:///d:/Interview/SAA/03_Phase3_Design_Scenario_Quizzes_Days_21_27/SAA%20Design-Reliability%20QUIZ%20Part%201-7.html) (200 Qs)
- **Evening (1.0 hr):** Review high-distractor questions in Reliability.

Day 3: Management, Migration & Performance/Cost Domains

- **Morning (2.0 hrs):** Topic Quizzes 13 – 16 (AutoScaling/ELB, Organizations/Control Tower, Migration Services, Cost Explorer/Budgets) ~236 Qs
- **Afternoon (3.0 hrs):** Design Domains: Performance (100 Qs), Cost (100 Qs), Governance (100 Qs), Migration (100 Qs) + 24 900+ Traps
- **Evening (1.0 hr):** Milestone 1 Completion Check (Pass 1 Done!).

📌 PHASE 2: PASS 2 — TRAP ELIMINATION & ACCELERATION (DAYS 4 – 6)

Goal: Build 900+ exam reflexes. Focus on multi-select (Select 2 / Select 3) questions.

Day 4: Topic Wise Sweep #2 (Part A)

- **Morning (2.5 hrs):** Topic Quizzes 1 – 8 (~468 Qs) in Practice Mode with instant answer check.
- **Afternoon (2.0 hrs):** Design Security (150 Qs) + Design Governance (100 Qs).

- **Evening (1.0 hr):** Review all multi-select mistakes.

Day 5: Topic Wise Sweep #2 (Part B)

- **Morning (2.5 hrs):** Topic Quizzes 9 – 16 (~468 Qs).
- **Afternoon (2.0 hrs):** Design Reliability (200 Qs) + Design Migration (100 Qs).
- **Evening (1.0 hr):** Focus on Cross-Account STS & Multi-AZ RDS failover scenarios.

Day 6: Design Master Full Domain Sweep #2

- **Morning (2.5 hrs):** Design Performance (100 Qs) + Design Cost-Optimization (100 Qs) + 24 900+ Traps.
- **Afternoon (2.5 hrs):** Run a full 65-Question Timed Mock from [Design Master Quiz](file:///d:/Interview/SAA/04_Phase4_Final_Mock_Exam_Revision_Days_28_30/SAA%20Design%20Master%20Quiz.html).
- **Evening (1.0 hr):** Milestone 2 Completion Check (Pass 2 Done!).

PHASE 3: PASS 3 — HIGH-SPEED DRILLS (DAYS 7 – 8)

Goal: Speed practice. Aim for under 45 seconds per single-choice question.

Day 7: Rapid Topic Master Drill (All 936 Qs in 1 Day)

- **Morning (3.0 hrs):** Topic Quizzes 1 – 10 (~580 Qs).
- **Afternoon (2.5 hrs):** Topic Quizzes 11 – 16 (~356 Qs).
- **Evening (1.0 hr):** Re-test only missed questions.

Day 8: Rapid Design Master Drill (All 774 Qs in 1 Day)

- **Morning (3.0 hrs):** Design Domains: Security, Reliability, Performance (~450 Qs).

- **Afternoon (2.5 hrs):** Design Domains: Cost, Governance, Migration + 900+ Trap Pool (~324 Qs).
 - **Evening (1.0 hr):** Milestone 3 Completion Check (Pass 3 Done!).
-

📌 PHASE 4: PASS 4 — FLAWLESS MASTERY & ERROR ELIMINATION (DAYS 9 – 10)

Goal: Achieve $\geq 96\%$ consistency across all quizzes.

Day 9: Final Topic Wise Blitz & Weakness Polish

- **Morning (2.5 hrs):** Complete Topic Wise Quiz timed sweep (Targeting 100% on core services).
- **Afternoon (2.0 hrs):** Review all bookmarked/flagged hard questions.
- **Evening (1.0 hr):** Deep dive into distractor elimination for any remaining edge cases.

Day 10: Final Design Master Blitz & 900+ Trap Mastery

- **Morning (2.5 hrs):** Complete Design Master Quiz timed sweep (All 6 domains + 900+ Traps).
 - **Afternoon (2.0 hrs):** Error-only re-test until accuracy hits 100%.
 - **Evening (1.0 hr):** Celebrate 4 Full Passes Completed! 🎉
-

🏆 3 Execution Rules for 900+ Score

1. **Rule of 2-Distractor Elimination:** Before choosing the correct answer, explicitly name why 2 options are wrong (e.g., "*Option A uses IAM User static keys = wrong; Option C is public subnet = wrong*").
2. **Multi-Select Precision:** On *Select 2* or *Select 3* questions, verify that each selected option satisfies a distinct part of the prompt (e.g., Option B solves security, Option D solves cost).

3. **Use Built-In Keyboard Shortcuts:** Use Arrow Up/Down or J/K to navigate, 1-5 to toggle options, and Enter to submit for maximum speed.
